18:00 20:30	Lähtö: Tallinna Viking XPRS Tulo: Helsinki	Ilmoittautumisen mukaan

Ohjelmamuutokset ovat mahdollisia.

Erno de Korte - the Netherlands

Erno de Korte has been supporting GroupWise since it was still called WordPerfect Office; as a MCNE and MCNI he has been delivering training and consultancy on GroupWise throughout the world. He has been working closely with Novell for quite some time, for example by delivering "Train-the-trainer" sessions on GroupWise 5.x and 6.0. He has been a speaker at many conferences, including BrainShare USA, Europe and Africa and during GroupWise Summits in the USA and Europe. Erno is the President of the GroupWise User Group Nederland and coordinator for **GroupWiseR**, an initiative to connect all GroupWise enthusiasts around the world.

Sander van Vugt - the Netherlands

Sander is an internationally known Linux author, trainer and an independent consultant. Sander also is a Novell authorized Advanced Technical Training (ATT) trainer for all the SUSE Linux courses. Sander is a regular speaker at many internationally known conferences such as Novell's BrainShare, LinuxWorld in San Francisco and several Novell User Groups events.

Roel van Bueren - the Netherlands

Roel van Bueren is working as a senior consultant and trainer for ROVABU NetWorks BV. ROVABU NetWorks' main focus is Desktop and Application management, Virtualization, Software Packaging, .NET development, Messaging based on Novell GroupWise or Microsoft Exchange/Outlook and Mobility based on BlackBerry Enterprise Server. Roel has been a speaker for several events like Brainshare, GWAVAcon, the GroupWise Summit and the Packaging Event. As an author, recently he has written five articles on Novell's new flagship 'ZENworks Configuration Management'. He has been a trainer on using MSI/Windows Installer in ZENworks environments since Novell moved from the good (but) old snAppShot utility to using adminStudio's Repackager. His website <http://www.msiwisdom.com> is a reflection of that
